Education

Rhode Island School of Design
Graduating in 2025 | GPA 3.8/4.0
Bachelor of Fine Art in Graphic Design, Honor Student 21-23

Experience

UX design Intern - Social IOS mobile app for Gen Z
Fizz.social↗ / June 2024-Present / Palo Alto
Initiated a design system for better product consistency. Lead cross-community collaboration to drive project ideation, partnering closely with engineers. More to come.

Collaborate with design leads and stakeholders in coming up with design hypothesis & design recommendations for an app-changing new feature. Plan & execute design objective and timeline from ideation to hand-off with engineers.

UX Design intern - Designing AI-generative content creation software interface
Hedra.ai↗ / March 2024-Present / Remote

Spearheaded key features (Text to 3D, scene diffusion rendering, animation module, assets library) of the MVP design of desktop AI integrated 3D design software with multiple iterations.

UX design intern -Ideation of B2B AI chat assistant software tailored for researchers
Goinvo↗ / December 2023-April 2024 / Boston

Collaborated with researchers on user research, define key pain points and potential workflow optimizations. Guiding 8 concepts, 20+ screens, of the product from 0 to high-fidelity prototype in 8 weeks with multiple iterations.

Initiated a style guide, component guide, and design system from scratch to ensure future design consistency. Done accessibility guidelines to ensure usability for all cases.

UX Design intern - Redesigning behavior training IOS mobile app (Shipped)
BreakFree↗ / December 2022-March 2023 /Providence

Redesigned the end-to-end experience of BreakFree app. Focused on revamping the design systems, user flows and wireframes. Achieved a 90% user satisfaction rate with usability surveys with 20+ users, backed by a 50% surge in App Store ratings.

Showcased hi-fi prototypes to stakeholders, reached the 50,000 funding business goal, and captured the interest of 4 major companies for funding.

Visual Design intern - Implementing internal identity/web design (In use)
Tencent↗ / June 2022-Sept 2023

Refined TIMI overseas studios' visual identity systems by designing visual assets and brand elements that has been implemented since, enhanced the studio's appeal for 1000+ incoming new team members.

Skills

Technical
Figma, Sketch, Adobe Creative Cloud: XD, Illustrator, Photoshop, Indesign, After Effect, Keynotes, HTML, CSS, JavaScript

UI/UX
User research, Usability testing, User interviews, Prototyping, Wireframing, Hi-fidelity mockups, Competitive Analysis, Information Architecture, Design System

Visual
User Interface, Graphic Design, Branding, Motion Graphic, Game Design, Web design, Typography, 3D Modeling, 3D Rendering Effect, Keynotes, HTML, CSS, JavaScript
